2257 W. Shaw Avenue

**Program: Grizzly GM, Derek Franks**

Social Hour 11:00 AM

Meeting : 12 Noon  
\$ 15 and no Buck Bucket

Not to steal too much of the Little Sir's thunder, but I am excited about Fresno Grizzlies's General Manager Derek Franks visit to Branch 159 as speaker for the July luncheon! From the beginning I have held the view that Fresno is darned lucky to have AAA Baseball - which is about as good as it gets - right here where we can get to it! Just as I was able to embrace the change from just another retired guy to being a SIR member, and from having lunch at Pardini's rather than the Ramada, I have been able to embrace the change from watching losing baseball to watching winning baseball here in my hometown. How cool is that? It is so cool that I may have to wear a jacket in July! If you are not catching these games, I have gotta ask...why? Be there to hear what this young and hardworking General Manager has to say! And, being here has never been easier.

If you don't like to drive anymore, or can't, or just aren't feeling well enough to do so, all you have to do is call our new "SECRETARY OF TRANSPORTATION" Steve Chase. He can and will find a way to get you here. DON'T be too proud, please, to ask for help if you need it, because it makes us feel good to help out and it would be wrong to cheat us of the opportunity. Please, if you want or need help with transportation, tell your caller

when he rings you up! Steve knows where you live. He was an artillery FDC Computer during the Vietnam war, so he knows how and where to plot things and people. He also knows how you can get taxi script. I'll bet he has some other dandy tricks to travel as well. He also has an energy efficient automobile and a cheerful disposition, and can pick you up if required. The point is, "...so much of life is just showing up!" Be there to have a great Pardini's lunch, see your pals, and have a few laughs with the guys, OK?

Speaking of Pardini's lunch - I am pleased to say that I heard nothing but good comments from you guys after the June luncheon. Pardini's came through in excellent style with first class "man-food" and plenty of it. I was very pleased as well, and applauded the kitchen and staff for an excellent meal. I am certain there will all be great from here on in.

Those great meals will give you strength to travel, play golf and tennis, bowel, fish, take up pickleball and bocci, and stay as active as we can. Together, we are going to have a blast!

Guys...let's have a red, white and blue gloriously good time honoring another sparky Fourth of July. Why not enjoy our freedom in retirement, our independence and all the good things available to us in our mostly well blended American culture.

**Little SIR Perry**

Keep on strutting and cock-a-doodle-doing while staying magnificently bushy tailed. And join

**Be A Friend - Bring a Friend**

us cocky roosters for Lunch at the SIR Pardini's barnyard.

It was good to catch up, visit and hear Chris Curtice speak. You don't often see a duplicate of the murder weapon used to execute a Fresno family passed around to each table at a Pardini lunch. That was a one-of-a-kind SIR experience. We were informed and entertained with interesting stories. A powerful performance.

Across the Valley and over the Kettleman Hills, hot days in July were spent in the wonderful Avenal high school swimming pool. Before our folks had TV, late afternoons or summer evenings were about softball games with Mr. Franks calling balls and strikes on us...for years. Don't remember ever arguing with an adult before leaving Avenal for Visalia JC.

Our speaker, Grizzly GM, Derek Franks was born in Avenal. His grandfather called those balls and strikes on us back in those olden times. His dad, Mike Franks also umpired on that same ball diamond before he left town and moved on with his life. Later, Derek played baseball

for our Fresno State Bulldogs. He then worked his way up the Grizzlies organization and hit the top to become General Manager. With Fresno's new farm team partnership we are having better baseball games and lots of exciting Fresno wins. Yes, I am very proud we have my Avenal guy, Derek speaking for us. It will be much more than just fine.

For our August speaker...we are very pleased to have Fresno State University Athletic Director Jim Bartko ... with thanks to Patrick Ogle for making our connection.

Be the Good-Old-Guy. Take your lady out for a hot time in the old town on Ladies Date Night, July 15. We are having good turnouts with more dining friends and discovering more new ones.

And be a Buddy as you invite that good friend of yours to join us for lunch. He will be impressed with our speaker and should take a liking to us too. Remember to tell your caller and count him for the correct food count and be sure to enjoy an ever sparky July.

## SIR OF THE MONTH — DAVE BETTS

In 1930, in Russell, Kansas, a special event happened. It wasn't a tornado, nor a dust storm; it was the birth of Dave Betts. His father was a tenant farmer at the time. In 1934 it was the heart of the depression, and the family moved into town, where his father became a night watchman for the water treatment plant. His mother worked at the county recorder's office in Russell County. 1936 found them moving to Dorrance, Kansas. His mother became the postmaster for Dorrance in 1939.

Dave went to elementary and high school in Dorrance. He played all the major sports.

There were 6 children in the Betts family, so at the age of 11, he grasped the opportunity to move in with a local farm family as a "surrogate kid". He had milked cows when he was only 9. The "surrogate parents" made many opportunities for Dave. They sent him to 4H camp, and many other events. They treated him well, and he helped work the farm.

Dave became very involved in 4H. He raised

prized sheep, chickens, beef, and hogs. Sears sponsored an essay contest for 4H members. Dave entered and won a sow. The following year, he won again. This time it was a boar, that he bred with the sow.

After graduating from Dorrance Rural High School in 1948, Dave went on to Kansas State College (Now Kansas State University) on a Sear's scholarship. He attended for 5 semesters, majoring in Ag Administration.

The Korean War was on, and Dave in 1950 enlisted in the U.S. Air Force. He had basic training at Lackland AFB in Texas. Following basic, the Air Force enrolled Dave in a class, A. F. Administration, at North Dakota State School of Science. 4 months in school and then on to Atterbury AFB in Columbus, Indiana. He was assigned as clerk in the Food Services Squadron. Dave then went to Fort Benning, Georgia where he entered the Flying Safety Division of the Headquarters Squadron. (That's a mouth full) He was promoted to Airman First Class while at Ft. Benning. Later, Dave was transferred

to Air Rescue in the Marshall Islands, where he was promoted to Staff Sergeant. Dave contracted pneumonia while there, causing him to be sent to Tripler Hospital in Hawaii. He spent three weeks in the hospital, after which, he was assigned to the 76<sup>th</sup> Air Rescue Squadron in Hawaii. Dave was then discharged in 1955.

While in Hawaii, he met Margaret. She was a vision of loveliness standing under a banyan tree. They fell in love and got married on July 16, 1954. Upon Dave's discharge, he and Margaret moved to Margaret's home town of Fresno.

In Fresno, Dave went to work for Security Title Insurance Co., and he started night school to finish a degree in Accounting with Business Law. He graduated in 1956 with a BA in Administration.

Security shipped him to Santa Anna to build a new title plant for Ventura County. Here he learned real estate. His next assignment was in the Ventura title office where he learned escrow.

Dave was offered a position with Conejo Valley Escrow Company to develop an in-house escrow program. Conejo Valley Escrow was folded into Conejo Valley Development Co., and Dave became the Vice President and Controller of the company.

Dave resigned in 1964 and started his own escrow company. He named it Conejo Escrow Co. He was the president and partnered with Norman Titcher. In 1964 they built a new building in the growing Thousand Oaks. It was the first building in Thousand Oaks to have an elevator. In 1966, Dave and his partner sold the escrow business.

After selling the business, Dave became involved with various other companies. As a restless soul, Dave worked as manager for Western Title Insurance, controller for Trimont Land Co. dba Northstar-at-Tahoe, V.P. and controller for Squaw Valley Ski Corp, and Director of Real Estate for Trimont Land Co. He retired in September of 1992

Dave, an amazing guy as he is, also did public service. He was Honorary Mayor of Conejo Valley Days in 63-64, 2 terms as City Councilman on newly incorporated City of Thousand Oaks. 3 years as Mayor of Thousand Oaks, and served as Chairman of the Audit

Committee for the Ventura County Grand Jury. We're not done yet folks. He also served on the Ventura County Local Agency Formation Commission, President of the Channel County Division of the League of California Cities, and Chairman of Placer County Services Area 21. I wonder if he ever slept.

1992 found Dave retiring back to Fresno. He joined SIR Branch 159 in 1993. After joining, Dave became very involved. He participated in the Branch 159 annual audit in 1995. Dave created a format for golf pairings and a sign-up sheet prior to each tournament using the NCGA pairing program. He was preparing weekly tournament pairings and scorecards for our club from 1994 to 2003. He served as area 29 golf chair for 4 years. Dave went on to Division 5 Golf Chair and became a member of the SIR State Golf Committee in 2003. 2004 found him as Chair of the SIR State Golf Committee. He served as chair for 3 years, and then became the Treasurer. He presently holds this position.

As by now, you are aware that Dave is restless, so he also works part time for Airways Golf Course. He does their weekly payroll and accounts payable

Dave Betts is an amazing man with an amazing history. It is time for you, the reader, to sit back with your favorite relaxing beverage and reflect on the life of Dave Betts, a long time active SIR.

### **Attendance Report**

In June, 2015, SIR Branch #159 had 252 active members with 153 of those members attending the June 11, 2015 luncheon. This represents 61% of the membership in attendance. Of the 99 members absent 64 were excused. Members are expected to attend the monthly meeting or to notify the Attendance Chairman when they wish to be excused. Three consecutive unexcused absences or six unexcused absences in a twelve month period constitutes a jeopardy to membership. If you are unable to attend a future meeting, PLEASE call 447-5388 or send an email to Duke-Marshall@aol.com. When you call or email please include your NAME and BADGE NUMBER

## Golfers Corner

Last month's article touched upon the requirement set by the USGA/NCGA to post all recordable scores in order to keep our GHIN as current as possible. Twice a month, on the 1st and on the 15th, our GHIN is adjusted using our 10 best scores out of our last 20 rounds. To properly post a score, we need to take into account the Equitable Score Control (ESC). We all have experienced a very high score (8, 10 etc) on one hole during a round. While such high score counts for the event score, our total gross score gets adjusted for posting purposes. The ESC limits the maximum score for posting purposes on any hole (par 3, 4, or 5) as follows:

Course Handicap (CH) 9 or less: Double Bogey,  
 10 to 19: 7  
 20 to 29: 8  
 30 to 39: 9  
 40 or more: 10

For example, if my CH is 21, the max score for posting on any hole is 8, even though I may have holed in 10.

The ESC is also used when scoring an Unfinished Hole. If a player starts but does not complete a hole, their marker shall record an "X" followed by the score he most likely

would have made. This score is for handicap purposes only and shall not exceed the ESC limit for his/her Course Handicap.

The USGA and its affiliate the NCGA set the rules of golf we use for playing. They recommend using the GHIN in effect as much as possible, however they allow all clubs (private, public or associate) or tournaments the right to set their own tournament rules, as they feel appropriate, for their members to follow. Therefore, for the player the decision is simple: play and abide by the tournament rules or don't enter into the tournament.

Ron Rich Tournament Update. The final four are: Joe

Hushek, Dell Kerns, Shane Petersen and Butch Evans. Congratulations for winning your flight. Semi-finals (Hushek vs Kerns; Evans vs Petersen) and Championship games will take place in July.

2015 NCGA Associate Club Championship (4Man2BB). Congratulations to Mike Moyle, Shane Petersen, Roger MC Coy and Gilbert Matossian for making the cut at Del Monte GC local qualifier under the colors of SIR Branch 159. Next stage is July 23rd at Poppy Ridge for a Sectional Qualifier.

In July, our branch we'll host 5 golf events, including the 2015 Area 29 SIR State Individual Qualifier on 7/8 at Madera Muni (more info available by Mike Moyle).

### **SIR State Qualifier Information**

Signups are starting for Area 29's qualifier for the SIR State Individual Championship. Our qualifier is being held on Wednesday, July 8th, 8:00 AM (shotgun start) at Madera Muni. Fee to enter the qualifier is \$3 that is forwarded to SIR State Golf.

SIR 159 is hosting a 4man2BB tournament that morning. If you'd like to play in that tournament also (including 2 CTP holes) you should pay 159 monthly golf chairman Duke Marshall \$5 the morning of the 8th to do so. Pay your \$3 to Area Directors Moyle or Evans to enter the State Individual qualifier.

The only requisite for the State Qualifier is that you have an established NCGA handicap through SIRs.

Last year all the golfers who participated in our local qualifier were invited to the Division 5 qualifier. Don't know if that will happen again this year. The Division 5 qualifier will be held on Friday, August 21, at Rancho Del

Rey in Atwater and will be flighted in 7 or 8 flights.

Those who score low enough in their flights at Rancho Del Rey will advance to the State Championship being held at Poppy Hills on October 28.

To sign up to play in the qualifier on Wednesday, July 8th, please call the number below or send an email to the Area 29 email address provided below. Thank you.

### **Digital Media/Computer Group:**

We will take a summer break for July, August, and possibly September, mainly due to lack of attendance (1, 2, 3). I don't seem to be doing well on guessing what members want. Please email topic suggestions, and if a different time/day works better.

### **Bowling for June**

The Sir's bowling league is active and rolling. Come join in the fun on Friday afternoon at 1:00 pm. Cost is \$7 for 3 games. Check the data on the Sir's 159 Bowling Page. Just click on the bowler icon.

Starting June 5 we turn into a summer league, nothing else changes, just a few missing bowlers from time to time. What a great way to get out of the valley heat for a couple hours.

The other day I went over to a nearby CVS Pharmacy.

When I got there, I went straight to the back of the store to where the Pharmacists' Counter is located.

I took out my little brown bottle along with a teaspoon and laid them both onto the counter.

The pharmacist came over smiled and asked if he could help me.

I said, "Yes! Could you please taste this for me?"

Being I'm a senior citizen...I guess the Pharmacist just went along with me.

He picked up the spoon and put a tiny bit of the liquid on his tongue and swilled it around.

Then with a stomach-churning look on his face he spit it out on the floor and began coughing.

When he finally was finished, I looked him right in the eye asked, "Now, does that taste sweet to you?"

The pharmacist, shaking his head back and forth with a venomous look in his eyes yelled, "HELL NO!!!"

So I said, "Oh thank God! That's a real relief! My doctor told me to get a pharmacist to test my urine for sugar!"

Well, I can never go back to that CVS, but I really don't care though, because they aren't very friendly there anyway!!!

### **Callers Corner**

We are still looking for a few good men who will be willing to give up 35 minutes of the month to serve as a caller for the good old 159th. We need help to provide an accurate head count which is very important to the integrity of our branch.

### **Transportation**

Big Sir Charles has asked me to find a way to get Sir members who for medical or other reasons can not get to our monthly luncheon. At the present time I have 4 Sirs that fit into this category, Chuck is near 1st and Barstow, Bill is near Barstow and Palm and Erv is near Barstow and West. The last lives close to me. If you could provide a ride for one of these members please call me at 252-2600.

Big Sir also wanted me to tell you about Taxis Script. This is a program paid for by Measure C the provides Taxis Script to those 70 and older at a 75% discount. The

web site is <http://www.fresnocog.org/measure-c-taxi-scrip-0>. You can also go to the Fax station on Blackstone.

## Area 29 Golf Trip

Nine golfers from our local SIR branches enjoyed a great trip to Sacramento on June 28th to watch the final round of the 2015 Men's Senior U.S. Open. Crowd favorites had to be Kevin Sutherland who played for Fresno State but grew up just a few blocks away from Del Paso CC...and of course Tom Watson, who was trying to become the oldest winner of the Open. Watson birdied the first hole and canned another birdie on 18 that set off roars from the crowd! :- ) The Open was won by Jeff Maggert, his second major victory on the Champions Tour this year.

After the tournament our SIRs retreated to the Hawthorne Suites Wyndham Sacramento where most all enjoyed cooling off in the refreshing (hard to believe with the recent temperatures) pool water. Dinner was at the Firestone Public House. What a great selection of beer and good food!

Next morning we all enjoyed playing at Haggin Oaks public golf course (designed by noted golf architect Alister MacKenzie). If you ever get the chance to play Haggin you should do it...what a fun course. So refreshing to hit shots into greens where you create a good ball-mark and the ball sticks or doesn't travel far. :- ) This is one golf course where they are watering their greens to keep them receptive! After lunch at the course and then browsing through the HUGE golf store on site...it was back to Fresno where we arrived home before 5:00 PM.

This was the 2nd overnight pro tournament golfing trip we've taken this year. Both have been a lot of fun. Unfortunately I think that's it in terms of major pro golf tournaments in our neck of the woods for 2015. We're looking forward to planning a couple of trips again next year.
