When I was growing up in the late 1950's and 1960's I was somewhat but not very knowledgeable about money and what things cost. My parents, children of the Great Depression, instilled in me that "money does not grow on trees." "waste not, want not" and to "clean our plates because children were starving in China." There were other pithy axioms which do not come to immediate mind. But, I remember knee patches were used to ensure that our 1 pair of Levi's lasted the whole year, bought a size too big, and pegged at the hem line. And, your pair of Chuck Taylor All Stars were also bought a size to big **(Big SIR continued on page 2)**

Big SIR Mike

The Mission of Sons In Retirement is to improve the lives of our Members through fun activities and events while creating friends for life.

Little SIR Rich

Have a happy and relaxing Labor Day

Awww, the dog days of summer are behind us— should be perfect golf weather for the the next couple of months—we will have no reason not to get out and enjoy our SIR activities. Our members, your friends, have worked hard to put activities together for your enjoyment.

The next speaker is our very own Perry Huffman who will inform **(Little SIR continued on page 2)**

(Big SIR continued from page 1) to account for yearly growth. I think most of the “boomer” generation grew up the same way in suburbia and did not think we were deprived. We all tried to live within our means. As we grew into adulthood those childhood parental axioms were muted as employment offered the opportunity to be financially better off than our parents. But, that was to change.

As parents ourselves, we struggled with the issue of teaching our children fiscal responsibility in an increasingly materialistic world that seemed to encourage the consumption of “shinny, shinny” things. Recently, as a newly retiree, I am now faced with the daunting task of fiscal responsibility. How did this happen? How did the past echoes of my Dad get into my current life? No one told me that when you get older you have to become smart with your money. No more shinny things for me! I now have a greater appreciation of what my parents were trying to install in me now that I am faced with “living within my means.” Which brings me to the point of my story- one of fiscal responsibility.

On September 13, 2018 I will be presenting to the BEC two motions that reflect the unanimous position of the Budget and Planning Committee which met in late July:

Pardini's has raised the cost of our buffet luncheons to \$16.00 from \$15.50 in 2019. This is the first increase in two years. Since we have been charging our members \$15.00 per lunch that means that the Branch has absorbed the \$.50 cents per plate cost each luncheon. Our average attendance runs about 135 members. This means we pay an additional \$67.50 each month, not to mention that we pay full price (Big SIR continued on page 3)

(Little SIR continued from page 1) us on how the newspaper industry has progressed from print to digital and will also show us a slide show of some of his award winning art.

Our branch 159 elections are over and 2019 will give us 2 new members on the board, a new little SIR with the rest of the officers the same “OLD” slate as 2018. Lots of issues are facing us so we are looking for help to solve the problems—DON'T be afraid to speak up to let us know what we are doing well and what we can do better. We are here to keep existing members satisfied and to help bring on new members with your help.

Enjoy the holiday with family and friends and remember, schools for the most, are back in session so be extra careful as you drive around our cities. Kids being kids means it is up to us to be vigilant and help them be safe.

BE A FRIEND AND BRING A FRIEND TO LUNCH

Attendance

At the August luncheon sir #159 had 198 active members with 127 of those members attending the August luncheon at Pardini's. This represents 64% of the active membership. Total attendance was 129 with members and guests. Of the 71 members absent 54% were excused. Members are expected to attend monthly meetings or to notify the attendance chairman or callers if they can't make the luncheon to be excused. If unable to attend a future meeting please call 277-3971 or send a email to fresnoseior@aol.com. When calling or emailing please include your name and badge number.

Dell Kerns, Attendance chairman

History Roundtable

The History Roundtable met August 14th for a spirited discussion on the Roman Empire. Some interesting facts were shared about how our modern calendar came to have the names of the months that (Roundtable continued to page 3)

for (Big SIR continued from page 2) uneaten lunches. We do pick up some revenue from the 50/50 drawings but we still face a shortfall over an annual basis. **Recommendation: Motion 2018-13 will increase the cost of luncheons from \$15.00 to \$16.00 in 2019.** This will eliminate the drain on the cost of the lunches by members. I will also propose 5 tickets for 4 dollars for the 50/50 drawing to help the movement of people through the line and to provide supplemental income for the Branch. I went back and checked that the luncheon costs moved from \$14.00 in 2011 to \$15.00 in 2012. I do not feel that a \$1.00 increase in luncheon cost will break anyone's bank.

The increase in the cost of lunch to \$16.00 is not nearly enough to cover the increase in expenses we face in 2019. In 2018 we are projected to have a net operating cost loss of \$1,150.00 dollars. If we continue with no change our balance could drop below the \$4,000.00 recommended by the State. The approximately \$670.00 in the loss from member's lunches is a part of it but we do have other costs to consider:

Each month we give away anywhere from 2 to 6 free lunches from our guest speakers, birthday boy, and our reward system which gives a free lunch to each member who brings in a new member. This works out at about an addition cost of \$912.00 from the Treasury in 2019.

Our Lady's Day Luncheons do incur some expense beyond the cost of the luncheon. This amount will vary depending on the event.

(Big SIR continued to page 4)

(Roundtable continued from page 2) we have. We had a good turnout with some new SIRs joining us for the first time. A big thanks to SIR John Crawford for leading the discussion the past month. Our next Roundtable will be on Tuesday, September 18, 2018 at 11:00 AM at the Yosemite Falls Café on Blackstone just north of Shaw. Hope to see you.

New Members

Each month when we induct new members we will ask them to give us a little info about themselves and we will put that in the Chanticleer along with their picture. In a group with over 200 members it can be easy to get lost in the shuffle. So please, get to know the newest members, introduce yourselves to them at the next luncheon and help get them involved. Let them know that we consider it a privilege that they have chosen to spend some time with us.

Notice of Special Meeting

on September 21, 2019

Woodward Park Library Meeting Room

3:00-5:00 PM

(Big SIR continued from page 3)

Ongoing wine for the drawings, we have each month. And, candy.

We do want to offer experiences where we can recruit new members. We do need some flexibility for our RAMP Committee Chairmen

And, the reality that the State will impose increased quarterly assessments. I have heard 15%

There will be an increase in the quantity of required Branch Officers training from one session to two.

Here is a major one for me. Pardini's has not guaranteed the \$16.00 per plate beyond 2019. In fact, they have stated that a small increase for 2020 is likely. Given all of the above I will present **Motion 2018_14: To increase the cost of the annual assessment to \$25.00.** This will:

Cover the cost of budgetary increases for 2019.

Possibly provide a buffer should the Branch's operational costs increase in 2020. If Pardini's increases the cost of luncheons nominally in 2020 there would be the possibility of covering the costs without a fee bump to the membership. No promises, but a distinct possibility.

Impower our RAMP committee to find innovative ways to recruit new members

Continue our tradition of wine, candy, and our free lunch program for recruiters of new members.

All in all, I think that I have learned my lessons in fiscal responsibility and my parents would be proud. I am not so sure my kids feel the same way. (Big SIR continued to page 5)

I am sure by now you have heard that the State organization is examining possible changes in our organization that will hopefully lead to a growth in membership.

To this end State President Derick Southerland has called " a Special Board Meeting on September 12th in Manteca There are two main objectives: to review and vote on some rule changes, and then hear a report from a team led by Vice President (now President-Elect) Ed Benson on recommendations for the Future of SIR. A copy of the proposals will be emailed to all Big Sirs, Little Sirs, Branch Secretaries, Area Governors, Past Presidents, State Chairmen and Board Members before the September 12th meeting." I am planning on attending this meeting which falls on the day before our luncheon. The changes that are being tossed around are controversial. At the Annual Meeting, Mr. Benson introduced the slogan; "Lets all work together and turn this place around". He also recommended removing the word "retirement" from our logo and communications. It's not been a requirement for membership for some time. He shared a new logo concept with a revised rooster and the word retirement removed.

President Southerland has said, "Before the Board formally votes on any proposal from the Future of SIR Task Force, each Branch will have the opportunity to comment on the proposals the Board wishes to bring forward and consider as rules. More about this later. Most Branches will probably want to discuss their response at their next BEC meeting so there will be a final vote on the proposals (Special meeting continued on page 5)

(Big SIR continued from page 4) According to a PEW poll, our kids are the first generation ever to not have a higher standard of living than we have. I look at my kids and this is true. Happy-Yes; Affluent-No. Somewhere in China there is a mother saying, "Clean you plate and eat all your rice, there are kids starving in America."

These are proposed motions to be voted on by the BEC on September 13th. If you have concerns, thoughts, or objections to these motions make your feelings known by contacting any of the Branch Officers, Directors, or Budget Committee members and let them know so they can present your feelings prior to the BEC vote on the motions.

A big "Cock-a- Doodle- Do" to our Budget and Finance Committee headed up by Chairman Stan Day. His panel of esteemed members included Current Officers: Bruce Corwin, Rich Lewis and Dell Kearns; Past Treasurers, Shane Peterson, Rich Zonarini, and Joe Bencivengo.

(Special Meeting continued from page 4) and any necessary rule changes at the October 30th regularly scheduled (State) Board Meeting. Since the September BEC meeting follows in such a short period of time, I have decided to call a "Special Meeting" at the Woodward Park Library Room on Friday, September 21st at 3:00 PM that will open to all our general membership as well as the BEC. Our goal will be to draft a unified response to send in to the State per President Southerland's request. Area Governor Jim Heine will be in attendance and I have extended an invitation to the other BEC's in our area.

SIR is under attack from digital social change... and maybe from within.

Digital socialization is replacing authentic traditional gatherings for fellowship. Sir membership is in decline because we are not getting as many of the younger retired guys who are now texting and doing social media. They are thinking differently about our world.

1. There remains a need for those few men who want to join their friends for activities that feature hunter-gathering like skills. Activities and rough and tumble games that measure mental and or physical skills that continue to interest some men.
2. There are well organized activist groups who are looking for old institutions to bring down as trophies.
3. Activist target, attract and destroy the intuition's symbol, the names and their purpose.
4. Activist coordinate repeated attacks with slurs and name calling. "Old white men in control who are racist, oppress women and are Nazis."

We are faced with some SIR leadership who want to get rid of the rooster, change our name and admit women. If these leaders have their way...what was SIR...will go into free fall. Is that the intended purpose? Are some of these SIR state leaders just misguided fools or dishonest and destructive slime weasels? SIR Perry Huffman

Just a reminder of Tournament structure and rules. The buy in is \$20 for 3000 chips. We play for an hour, three levels and then break for lunch. If you bust out before lunch you can re-enter for another \$20 and receive 3000 chips. During lunch break you have the choice to do an add-on for \$20 and receive 2000 chips. After lunch we continue with our structure with blinds increasing every 20 minutes till there are three players left. If there are six or more players the top three are paid. If less than six the top two players are paid.

Hope to see you at the next game! We also need someone to host October!

NEWS in the Golfing Community

August got off to a hot start both weather wise and golfing wise as Bob Mattson pulled off what is considered a GREAT golfing feat by shooting his age. At 85 years young Bob shot a gross 84 at Madera Muni on August 2. Meanwhile at Madera (Golf continued on page 8)

(Golf continued from page 7) Muni we played a flighted individual stroke play match where Mark Hofmann took flight 1 with a low net of 65 and flight 2 went to Bob Mattson also with a net 65. Flight 3 was taken by Dana Hamparzoomian, net 62 and flight 4 to Rich Fimbres with the low net of the day at 61. Great rounds by all the winners. The following week at Madera Golf & CC we hosted two tournaments a scramble and a 2ManBB. The scramble was won by the team of Doug Britton, Charlie Amasalian, Earl Mederios and Bob Rathburn. The 2ManBB completion went to saw Dennis Rich and Bill Leavitt edge out 9 other teams. On the 16th we moved to Airways to play a 2-man scramble where Danny Munoz and Mike Williamson edged Alan Barton and James Noriega by 1 tenth of a point while the rest of the field ate their dust. The fourth round of the month saw us take on Pheasant Run in Chowchila for a 4Man2BB match where the team of Lee Moy, John Brecino, Ed Beier and Bob Rathburn smoked the field. Our last event of the month on the 30th was at Sherwood Forest Where we played a modified shamble. The team of Joe Hushek, Don Avakian, Dana Hamparzoomian and Perry Huffman pulled away from the field.

In September we have the second round in which your individual score will count towards

an individual branch champion, at Fig Garden on the 12th. The third round is at the start of Oct.

The new interactive sign-up on our web page seems to be going fairly smooth with a few problems. Notice the two tone page White and Peach. It is the column in **front (LEFT)** of the event (**SAME COLOR**) where the “x or 2 or 4 or s” is marked. It should be noted that the sign-ups are locked down (no more changes on the web page allowed) at 7 pm on Sunday. After this time call or email the monthly chairman.

Our pairings page is now just a link to our Portal Page at USGA TM. The results Page will also take you to our Portal page. We now have 20 rounds under the new scoring system. Just hit ‘em down the middle!

9-Hole Golf

There are a few things you should know about 9 hole golf at Airways GC every Wednesday at 10AM. First, It’s a ton of fun! Second, it’s relatively quick! Third, it’s fun! Fourth, it can easily be followed by beer, soda, or palaver with your pals! Fourth, it’s fun! (Did I already say that.) Finally, it is relatively quick, easy and rewarding. Join us for a light hearted, ride or walk, enjoyable two hours or so of modest exercise and conviviality every Wednesday of the year at 10 AM at Airways! See you there, amigo.

Good stuff we have at SIR to offer old guys out there

Hey, you...having fun? Have more. Come join **Sons In Retirement** for kicks. We gather to see our new best friends and meet even more at our lunches and special activities...giving us and you wonderful opportunities to live large.

(Good Stuff continued on page 9)

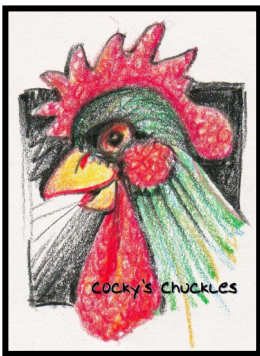

(Good Stuff continued from page 8) Why...because we have authentic...real and live social interaction. We actually see our friend's eyes as we look into their faces for smiles

and to hear their laughter and stories. We get energized...charge batteries. Yes, we will continue to need more new best friends to enriched our lives because we are all losing some along the way.

We do have a happy place for you here...

Branch #159 Sons In Retirement.

Join us for the fun of it...and smile

A little boy was doing his math homework. He said to himself, "Two plus five, that son of a bitch is seven. Three plus six, that son of a bitch is nine..."

His mother heard what he was saying and gasped, "What are you doing?"

The little boy answered, "I'm doing my math homework, Mom."

"And this is how your teacher taught you to do it?" the mother asked.

"Yes," he answered.

Infuriated, the mother asked the teacher the next day, "What are you teaching my son in math?"

The teacher replied, "Right now, we are learning addition."

The mother asked, "And are you teaching them to say two plus two, that son of a bitch is four?"

After the teacher stopped laughing, she answered, "What I taught them was, two plus two, THE SUM OF WHICH, is four."

One day the first grade teacher was reading the story of Chicken Little to her class. She came to the part of the story where Chicken Little tried to warn the farmer. She read, "... and so Chicken Little went up to the farmer and said, "The sky is falling, the sky is falling!"

The teacher paused then asked the class, "And what do you think that farmer said?"

One little girl raised her hand and said, "I think he said: 'Holy Sh*t! A talking chicken!'"

The teacher was unable to teach for the next 10 minutes.

Golfers New Arm

A golfer was involved in a terrible car crash and was rushed to the hospital.

Just before he was put under, the surgeon popped in to see him.

"I have some good news and some bad news," says the surgeon.

"The bad news is that I have to remove your right arm!"

"Oh God no!" cries the man "My golfing is over! Please Doc, what's the good news?"

The good news is, I have another one to replace it with; but it's a woman's arm and I'll need your permission, before I go ahead with the transplant."

"Go for it doc," says the man, "as long as I can play golf again."

The operation went well and a year later the man was out on the golf course, when he bumped into the surgeon.

Hi, how's the new arm?"asks the surgeon.

"Just great," says the businessman. "I'm playing the best golf of my life. My new arm has a much finer touch and my putting has really improved."

That's great,"said the surgeon.

"Not only that," continued the golfer, "my handwriting has improved, I've learned how to sew my own clothes and I've even taken up painting landscapes in watercolors."

That's unbelievable!"said the surgeon, I'm so glad to hear the transplant was such a great success; are you having any side effects?"

"Well, just two, said the golfer,

"I have trouble parallel parking, and every time I get an erection, I get a headache."
