Early aircraft throttles had a ball on the end of it, in order to go full throttle the pilot had to push the throttle all the way forward into the wall of the instrument panel. Hence "balls to the wall" for going very fast. And now you know the rest of the story.

Sorry I missed the Oct.meeting but other commitments had to be attended to, such as a vacation to Oregon and Washington, I know it really sounds like a hardship but somebody had to do it and I was the lucky one traveling with two ladies and saw some great places. Incidentally it's the same two ladies that I had the privilege of spending almost two weeks with on the trip to Texas.

Hope everyone had a great Halloween and for everyone attending the training session on October 30th., thank you.

Don't you just love the weather change, summer is fun but the heat can get to you but when summer comes around again we'll be glad to have some warm weather again.

We had a great turnout for the golf lunch, over 50 guys. Great raffle prizes, good food and especially good friends.

Kerns, Dell

That's all for now so I'll have see you at the November luncheon.

### **9 HOLE GOLF**

“Hey! Charlie Barrett here to remind you about how very pleasant (and inexpensive) it is to stroll (or ride) around nine holes of golf at Airways on a fall morning. It is positively charming, satisfying, and wholesomely relaxing (unless you chunk every swing like I do).

“Join us! The boys moved it up to 9:30 each Wednesday morning of the year, to give us a bit more time in the clubhouse. Affordable golf with invaluable wholesomeness, a doable pace, and priceless camaraderie.

“I will see you there!”

During WWII, U.S. Airplanes were armed with belts of bullets which they would shoot during dogfights and on strafing runs. These belts were folded into the wing compartments that fed their machine guns. These belts measure 27 feet and contained hundreds of rounds of bullets. Often times, the pilots would return from their missions having expended all of their bullets on various targets. They would say, I gave them the whole nine yards, meaning they used up all of their ammunition.

## NEWS in the Golfing Community

In October we had some great golfing weather and having moved to a 9:00 am start allowed us to sleep in a little later than the summer months as the days cooled. We started the month playing an Individual stroke play at Pheasant Run. Flight 1 was won in a tie break by Russ Connrad over Steve Herz and Gary Morgan as they all finished with a net 6 under par. Flight 2 went to Dennis Rich with an 11 under net 62. Stan Scott took flight 3 with a net 67, while flight 4 Steve Chase won in a tie break with an 11 under net 62 over Robert Ying. In our second round of the month at Airways Golf Course the three man team of Dennis Rich, Bill Laudig and Steve Chase took the field in a 4-man scramble with a net 13 under par. From there we traveled to Belmont CC for a 4man@BB competition that was won by the team of Jeff Shahbazian, Butch Evans, Dana Hamparzoomian and Perry Huffman with a net 28 under par performance. From there we went to Madera Muni for a 2man alternate shot game with the team of Dennis Rich and Brett Bayley scoring a net 62.5. Finally we traveled to Riverside for a novelty game called Miami scramble where the team member whose shot is chosen sits out the next shot, all the way through the hole. The team of Mark Hofmann, Doug Nowlin, Roger McEvoy, and Bob Rathburn came away with a win.

On October 23rd we had our annual golf awards luncheon moving to the Yosemite Falls Café in Granite Park. 57 of our golfers attended. Congratulations to all of our winners, who have been reported here as the year passed. The end of our golf year was September 30, and our final winner was Player of the Year , Gerald Peloian who accumulated more points throughout the year than all others.

Open renewal period for NCGA membership & handicap begins the 1st of October through the December luncheon. \$45 check made payable to SIR 159 Golf and given to Roger McCoy our Treasurer.

In November there is an RV excursion (11th-13th) being planned to Moro Bay. I presently have 17 golfers and 21 total who have indicated they wished to go. How cool would it be for lots of us golfers to tie together with the RV'ers. Plenty of rooms at a reasonable price, play Moro Bay GC one day and Avila another( aiming at tee time of 10-10:30 each day), hook up for dinner at someplace like the Great American Seafood Co, gather around a fire pit sip a glass of wine and chat with your fellow SIRs in the moonlight at Moro Bay. If YOU are interested in such an outing let me or Lee Moy or Alan Barton know.

November's monthly chairman will be **Jeff Shahbazian 495-8780 or [jeffshahbazian@gmail.com](mailto:jeffshahbazian@gmail.com) assisted by Bob Moore.**

## October's Best Bowling

The new year for bowling began September 3. Come and join the fun. This past month Duke Marshall and Ed Beier again went up north to Citrus Heights for SIR tournament. They finished 5th in the A division, while Duke also finished 2nd in the overall for the B division. As I write this article five of our branch members are heading to Modesto on November 1st for another tournament. They are Alan Barton, Dan Pitta, Hector Leyva, Ed Beier and Duke Marshall. Since the start of 2019 we have averaged over 8 bowlers per week. I say to those of you that are not making it **COME ON DOWN and HAVE SOME FUN!** Statistics our kept and posted to the SIR 159 website on the bowling page. We invite any and all SIR member s to come join us – Tuesday afternoons, 1 PM at Bowlero Lanes (formerly Sierra Lanes) at the corner of Blackstone & Sierra. Anyone interested, please contact Duke Marshall @ 447-5388 or just show up and we will get you started. See you there.

### **PINOCHLE NEWS**

On October 11th Carl Merz and Duke Marshall took on Steve Chase and Bill Laudig in a very close match with Chase & Laudig leading by a slin margin as both teams approached 500. With the bidder going out, Marshall and Merz took the match. On the 25th we again had only one table in operation. This time it was Penny Newman and Steve Chase vs Dell Kerns and Duke Marshall. Dell and Duke came from behind to walk away with the win, in another close match.

The Pinochle group meets every 2nd and 4th Fridays of the month, 1 to 3:30 pm and meet at my place for now at 3434 W Menlo , just off of Sierra & Valentine. When playing double deck partners we manage to get in one game to 500 and if we have three players single deck cut-throat to 100 allows for three games. Just about everyone comes out a winner on the month. As November turns the corner our play dates should be the 8th & 22th. We are now inviting wives and SOs to join in. We currently have 10 Sirs members in our group. More are welcome. Contact me, Duke Marshall @ 447-5388 if you would like to join us.

You are invited...

Perry Huffman's is being honored through May with a Retrospective Art Show of his art career.

- Third-Thursday evenings 5:00 To 8:00 in The Fresno Armenian Museum in the U.C. Merced building is on 550 E. Shaw Ave. across from Fashion Fair and east of Fresno St.

As incredible as it sounds, men and women took baths only twice a year (May and October). Women kept their hair covered, while men shaved their heads (because of lice and bugs) and wore wigs. Wealthy men could afford good wigs made from wool. They couldn't wash the wigs, so to clean them they would carve out a loaf of bread, put the wig in the shell, and bake it for 30 minutes. The heat would make the wig big and fluffy, hence the term 'big wig'. Today we often use the term 'here comes the Big Wig' because someone appears to be or is powerful and wealthy.

Did you know the saying "God willing and the creek don't rise" was in reference to the Creek Indians and not a body of water? It was written by Benjamin Hawkins in the late 18th century. He was a politician and Indian diplomat. While in the south, Hawkins was requested by the President of the U.S. to return to Washington. In his response, he was said to write, "God willing and the Creek don't rise." Because he capitalized the word "Creek", he was referring to the Creek Indian tribe and not a body of water.

In George Washington's days, there were no cameras. One's image was either sculpted or painted. Some paintings of George Washington showed him standing behind a desk with one arm behind his back while others showed both legs and both arms. Prices charged by painters were not based on how many people were to be painted, but by how many limbs were to be painted. Arms and legs are 'limbs,' therefore painting them would cost the buyer more. Hence the expression, 'Okay, but it'll cost you an arm and a leg.' (Artists know hands and arms are more difficult to paint.)

In the late 1700's, many houses consisted of a large room with only one chair. Commonly, a long wide board folded down from the wall, and was used for dining. The 'head of the household' always sat in the chair while everyone else ate sitting on the floor. Occasionally a guest, who was usually a man, would be invited to sit in this chair during a meal. To sit in the chair meant you were important and in charge. They called the one sitting in the chair the 'chair man.' Today in business, we use the expression or title

Personal hygiene left much room for improvement. As a result, many women and men had developed acne scars by adulthood. The women would spread bee's wax over their facial skin to smooth out their complexions. When they were speaking to each other, if a woman began to stare at another woman's face she was told, 'mind your own bee's wax.' Should the woman smile, the wax would crack, hence the term 'crack a smile'. In addition, when they sat too close to the fire, the wax would melt. Therefore, the expression 'losing face.'

Ladies wore corsets, which would lace up in the front. A proper and dignified woman, as in 'straight laced' wore a tightly tied lace.
