A Nonprofit Public Benefit Organization for Retired Men Devoted to the Promotion of Independence and Dignity of Retirement.

Sayings of 2006 Big Sir, Jerry Hunter

The following has nothing to do with the SIR organization but is something I thought I would share with you anyway.

One of the interesting things we did while on our recent trip to Hawaii (besides Mai Tais, golf, snorkeling, sunning and eating) was to go whale watching. In the past, we had seen many whales from the shore, mostly from a few hundred yards away. It was very impressive to be right out there among them within 30 or 40 yards away. By law, the boats are not allowed to approach them any closer than 100 yards, however if you are dead in the water and they approach you, it is OK, which is what happened to us.

We were also fortunate to have a Marine Biologist on board that was into his third and last year of a study of the whales. By the time we got back to shore, we had a lot more information about the migration and breeding of whales than we could possibly ever remember.

A very interesting part of all of this was the fact that they dropped microphones into the water to hear the whales mating calls. All of these calls are different and unique to a particular whale, like a fingerprint. The calls are also evolutionary from one year to the next. Last year one of the whales had developed a call that ended in a very unique trilling sound. The Biologist said that the call must have worked well for the whale last year because others are now trying to imitate it this year. They wouldn't do that if it hadn't been successful. We were able to hear both the original and the imitations on our particular trip which was very unusual according to the Captain.

The whales that we got the closest to for the longest time period, was a female, her calf and a huge male escort whose tail was between 30 and 40 feet across. These were the ones that swam within 40 yards of us and they stayed close for about 30 minutes. From that close, the spouting and the slapping of the tail after breaching is very loud, impressive and something that you will not soon forget.

It was a great experience, and I would highly recommend it except that you may not always have the good fortune to hit a great day like we did on this particular trip. When the whales are plentiful, it may be worth a try. If it weren't such a long commute from Hawaii, I would love to get that Marine biologist as a speaker for one of our luncheons. Perhaps I will see if our Little Sir will fly him over.

Speaking of that, see you at the next luncheon on March 20.

Jerry Hunter

Guest Speaker for March

Robbie Robinson

Robbie Robinson is certainly no stranger to SIR 116 Branch members, having served as Big Sir in 2004, and as the current Chairman of the Branch 116 Golf Group. His subject however, the "Lions Club Recycle for Sight Program" may not be as familiar to fellow SIR members.

Robbie is active in his local Lions Club and has taken a lead role in promoting this worthy glasses recycling program. He will give us the details, and share the benefits of this program, which collects donated eyeglasses and distributes them to needy people around the world. If you have unused eyeglasses (all types), please bring them to the March meeting for donation to this meaningful cause. Once you see the benefit your gift can bring, it will truly warm your heart to be a part of it.

Here are some details about Robbie's past, as well as his current activities, you may not be aware of:

Robbie was born and raised in Port Jefferson, Long Island, New York and graduated with a degree in Chemistry from St. Michael's College in Winooski, Vermont.

He served 4+ years in the Air Force as a munitions officer, where he met his wife, Nancy and they moved to White Plains, NY where he worked for Union Carbide in sales. In 1970, Union Carbide moved them to California and two years later Union Carbide wanted to move them again. They liked it so well in the Bay Area that he parted company with Union Carbide and joined Betz Laboratories in sales of chemicals for industrial water treatment. Twenty seven years later, in 1998, he retired from Betz Laboratories.

Today his activities include the SIRS, Lions, Knights of Columbus, 2 golf groups (KARAF, and the Wednesday Foreplayers). He serves on the St. Francis of Assisi Pastoral Council and sings in the choir. He is a billpayer with the Diablo Valley Foundation for the Aging and has been nominated to be on the Board of Directors.

He and Nancy are celebrating their 38th anniversary this year and have two children, Megan Mack of Vancouver, WA and Neal of Walnut Creek.

Bring Your Eyeglasses to the March Luncheon

Donate Your Old Eyeglasses to Lions Club

We will be collecting used eyeglasses (all kinds) at the March SIR 116 luncheon to provide to needy individuals around the world. Please look around and bring them in for donation to the "Lions Club Recycle for Sight Program".

Area 2 Fishing Report

Dick Thomson

February seems to be the month for “excuses” as far as the fishing group is concerned. Some of our guys are genuinely laid up and most are Branch 8ers. **Tom Hensley** is recovering nicely from neck and back surgery. **Tom Click** is recovering from a knee replacement, and **Ed Dijkman** just had a knee replacement. Many are enjoying the warmth of the fire, instead of the wind and rain that have been in and out over the past month. And, those, like Branch 8’s **Craig Walton**, who actually has ventured out into the Delta report high water, much debris and little or no biting action. But, we are now seeing a few warm days and the juices will be starting to flow. So, we can expect lots of reports on successful fishing in the months ahead.

At the February Fishing meeting Branch 34’s **Don Mittelstaedt** reported on a trip to Costa Rica for huge Tarpon. This involved a week on the river and into the ocean in small punts, with guides. They fished with fly gear and, when one of those giant Tarpons hit, the fight went on and on. Their mouths, however, are so tough that the hooks can’t easily go into their flesh. So, many just shook the hook and disappeared. They did land a few and, despite pouring down rain most of the week, had a great time.

As far as the next three months of the year, the Fishing Group has plans for trips out of McAvoy’s to the Delta for stripers (as conditions permit - **Sal Costanza** is fishmaster; day trips to San Pablo Reservoir (March-April - to be arranged between members as conditions permit); day trips to the Delta for stripers and sturgeon (March and April - to be arranged between members as conditions permit); fishing seminar at Fishermen’s Friend in Lodi (March 25); trip to Collins Lake near Marysville for trout (April 2-7) - **Ed Dijkman** is fishmaster; fishing seminar at Glory Hole Sports at Angel’s Camp (April 8) - **Al Brunner** is fishmaster; Day at Races at Golden Gate Fields (April 20) - **Bob Olson** is fishmaster; possible trip to Clear Lake/Berryessa for bass (April, date to be set later) - **Harold Knudson** is fishmaster; trip to McSwain/McClure Reservoirs for trout (May 8-12) - **Al Brunner** is fishmaster; fly fishing trip to Pit River for trout (May 7-12) - **Don Mittelstaedt** as fishmaster; a trip to Lake Almanor for trout (May 21-26) - **Craig Walton/Joe Karg** are fishmasters); trip to

Bridgeport Reservoir in the Eastern side of the Sierra (June date to be set later) - **Al Brunner** is fishmaster; fly fishing trip to the Lower Sacramento River for trout (June 11-18) - **Pete Gates** is fishmaster; social for families at the Irish Pub (June 14) - **Bill Hooy/Ed Dijkman** are fishmasters; trout fishing to Norden (June 19-23) - **Tom Hensley** is fishmaster. There’s much more to come, so “if you, re not fishing you, re not trying”.

If you want to hear more, please attend our meetings on the 4th Thursday of the Month at the Legends Sports Bar and Grill at the Diablo Creek Golf Course at 4050 Port Chicago Highway in Concord. Note a change for May. The regular meeting will be on May 18th (instead of the 25th), because the Lake Almanor trip falls on our otherwise usual meeting date. Meetings start at 8:30 a.m. For further information, please contact **Terry Miller** (Big Fish)(925-686-9298); **Dick Thomson** (Branch 116 Coordinator)(925-785-7600) or **Romano Gnusti** (Treasurer/Secretary)(925-376-3313). All Area 2 SIR members and guests are welcome and, indeed, encouraged, to participate in the fishing trips as well as attend the monthly meetings.

Attendance

Jim Nachtweih

Attendance at the February 20th meeting totaled 188 persons. This includes 178 members, 1 visitor, 1 speaker, and 8 guests. There were 57 excused members, and 20 unexcused members. The unexcused members will be asked to pay for their missed lunch.

SIR Travels

EDITOR'S REQUEST:

This is a new column that I would like to include in each Newsletter. I am sure that Branch 116 members take a lot of great vacation trips to a variety of locations. Some of these trips are sponsored by SIR Branches, but many are personal trips taken alone or with friends.

I think it would be fun to hear from our members about recent trips and their comments. These trips don't have to be trips to exotic locations -- any trip that would be of interest to others would be fun to hear about. Also, I would like to include pictures. So you can email me digital pictures or send me prints. Either way, I will include them in the Newsletter.

So if I receive trip pictures and comments from Branch 116 members, then this column will appear each month, space permitting. So let's hear from you!

9 Hole Golf Group

Dick Chaffee

In January, several of the 9 hole golfers requested that the Branch 116 9 hole Golf Club hold weekly 9 hole tournaments instead of our customary every other week tournaments. The membership was surveyed to determine if there was sufficient interest for weekly tournaments. Following are the results.

1. Do you want to schedule weekly 9 hole tournaments?
Response: 14 yes and 1 maybe
2. If yes to 1, play only at Buchanan Fields? or other courses?
**Response: 4 for only at Buchanan Fields
11 for playing other courses**
3. Can you help with the additional tournaments?
Response: 6 volunteered to help and 9 no

At the February 8, tournament, the participants were asked what additional courses they would like to play. Pine Meadows, Martinez, Diablo Hills, Walnut Creek and Grayson Woods, Pleasant Hill were highly supported. 3 golfers suggested playing the back 9 at Boundary Oaks.

Conclusions:

There appears to be sufficient interest to expand to weekly tournaments. Your 9 hole Golf Committee will investigate scheduling tournaments at the above courses. We propose scheduling weekly tournaments beginning in April. We will continue to play Buchanan Fields twice a month and schedule the additional tournaments at the other courses. Details will be forthcoming.

Recent Event Results:

On February 22, 17 golfers participated today in our SIR's 9 hole golf tournament at Buchanan Fields. The team event was won by the team of **Troy Powell, Ed Cole, Doug Aalders** and **Bill Turnquist** with a net 20.

The scoring honor was won by **Ernie Carson** with a 34 followed by **Troy Powell** and **David Geary** with 37's.
