## The Big Sir Says ...

Happy New Year and welcome to a new decade. I am honored to be the Branch 35 Big SIR as the branch helps the state SIR organization transition into the 2020s. We are fortunate to have over 90 active volunteers to help keep

January, 2020

this a finely tuned and an effective branch. **Remember it is** you, our members, who keep this organization alive and worth joining.

SIR's new mission statement reflects its transition: *"Enrich the lives of our members through fun activities and events – while making friends for life"*. To this end, Branch 35 has 345 members who are active mature men participating in over 16 different athletic and social activities including a once a month lunch with notable guest speakers to which two-thirds of you attend regularly.

We owe Peter Thurston, last year's Big SIR, special thanks for his leadership under which we were 1) ranked as the best Area 13 Branch (Peter), 2) increased our membership by 31 (Paul Schutz), 3) communicated to you monthly with a great newsletter (Del Fillmore), 4) gained increased visibility in the local media (Bob Roy), 5) streamlined and maintained our website (John Ray), 6) evolved to a new cloud-based membership and eMail capability (Richard Blackborow) while (7) remaining solvent (Jim Narva).

We're very fortunate to have Stan Barkey return as Little SIR who already has recruited an excellent array of speakers for our 2020 lunches and headed up the Holiday Luncheon (see pictures on page 7). Ben Gikis returns as the summer picnic guru and we already have reserved Blackberry Farms for July.

*We are well on our way to an outstanding 2020*. Please let me know how I can help make this be the best year for Branch 35 and you!

Andy

HIKING

DELL SMITH 650-968-5006 dellnmolly@sbcglobal.net

### Friday, January 24, 2020 - Location to be Determined Wives and quests are welcome

A location will be determined based upon suggestions from members and considering expected temperatures on hike day. Hikes are typically on moderate trails for about 5-7 miles. We hike in nearby hillside parks and open space preserves usually within a driving distance of 25 miles. (Our last hike was at Phleger Estate via Huddart Park). Hikes start at the trailhead at 10:00AM. Bring water, a trail lunch, hiking shoes and clothing for weather conditions.

Contact me by phone or email if you would like to attend this hike, and if you have a suggestion as to a location. I will send out an email about January 18, detailing the selected location. If you have not been receiving the hiking emails and would like to be included, let me know and I will add you to my list.

## BOCCE BALL

NORM PASS - SCHEDULE/ CANCELLATIONS 408-737-7639: normpass@sbcglobal.net

FRED SCHWALBACH – PLAYER DEVELOPMENT 408-257-9713: fpschwalbach@aol.com JOHN RICHARDSON - SUPPORT 650-996-7787; jlr@rcgc.com

Every Friday, 10:00 am to noon. Wives and guests are welcome. Location: The two Bocce Courts in Cuesta Park, Mountain View accessed from Cuesta Drive, using the turnoff and park entrance at Menalto Dr. Parking is near the tennis courts and restrooms. The Bocce Courts are next to the lawn area by the parking lot.

With the intermittent rains during periods of the last half of December, our playing at Cuesta Park in Mountain View has been diminished. Rain is disruptive to the crushed oyster shell surface of the courts. We expect to resume regular play on Friday mornings starting January 3, weather permitting.

We are monitoring the development of the Los Altos Bocce court situation at Grant Park and hope to report some positive results being taken with respect that new site for use by our members and guests."

Editor's note: Immigration has been a continuing strength for our nation as many of us have traced our first family member(s) that travelled to America seeking a better life and working hard to make it happen. From all walks of life, their contributions perpetuate the success that is America. With a growing nation that needed people and a reputation as "a land of opportunity" immigrants were welcomed and the nation thrived. Fast forward to today, immigration has become a crisis. (In the 1960's immigration averaged 330,000 per year while today it has grown to 1.6 million.) Why a crisis? There are those that argue our nation has more than enough people and available jobs should go to our citizens first. Our resources, social and health welfare should be for our poor and disabled citizens. Others argue that our nation was built from immigrants and they contribute immensely to our creativity and national strength. While the plight of immigrants from the war-torn Middle East and the destitute areas of South America is heart wrenching, our national response remains unclear as to champion "open borders" or "build the wall". What to do?

Here is a fellow member's immigrant story, the path he took, and the contribution he and his family made to America as told by his son, Gabriel, also a SIR member.

### Michael Ibarra

"Michael Ibarra was born in Guadalajara, Mexico. He was the youngest of four siblings and raised by his grandparents as his parents were working to support the family. His Grandfather Santiago and Grandmother Monica owned and ran a general store and sold merchandise in bulk. When Michael was seven, he started to work helping out in the family store during the day and going to school in the evenings. He showed a determination to

contribute and make his own way in life at an early age and kept this schedule until he graduated from high school. He walked over four miles every day on dirt roads, to school and back. He showed his enterprising spirit, selling vegetables his Mom grew in her garden. In high school, he had a gig where he would buy or rent 16mm movies and show it to the various neighborhoods, using a bed sheet as a screen. He charged about 50 centavos and usually had about 100 people attending. The patrons were thankful and happy for the evening of entertainment that Michael would provide. He gave his earnings to the family as he was happy to help out where he could. After he graduated from high school, he tried his hand at sales for a shoe shop. He did well and after two years, was to become a supervisor for the shop. Unfortunately, a co-worker was stealing money and equipment from the shop and it eventually closed. When Michael was about 18 years of age, his Mom passed away. He was saddened and decided to leave Guadalajara for a small town called Tlacuitalpa. Small towns still had schools for their children and Michael became a schoolteacher teaching the basics of reading, writing and arithmetic. He taught at the high school in the mornings and adult school in the evenings. Unfortunately, the pay was not enough to sustain him so after a year he decided to try his luck in America.

"At the age of 19, Michael was able to secure a visa and travelled to Idaho and later, Washington State doing whatever jobs he could find at the time. He moved to Sunnyvale because the other states were too cold for him. In

Sunnyvale he found the more Mediterranean-like climate to his liking. He worked for Mr. Losse, driving the workers to and from the job site. (Editor's note: The Losse Bros. owned the largest apricot orchard in the state and in addition grew peaches, pears, prunes and cherries.) He also drove Mrs. Losse to her charitable functions using her mauve, twelve cylinders, Lincoln 1949 Coupe, which was in mint condition. When she bought another car, she noted how well Michael took care of her car and offered to sell it to him. He immediately bought it and drove it everywhere. Michael loved America and enjoyed the fruits of his hard work.

"He moved onto Schuckel's Cannery in Sunnyvale as a mechanic's helper, greasing all the machines. Being single, he saved enough money to go back to visit Guadalajara in the spring of 1952 where his two sisters still resided. With almost \$5,000 in his pocket he ran into some bad luck when two men robbed him while he was waiting for his train in San Francisco. While he was devastated he made up his mind to make the trip so he put the experience behind him and continued on his journey with some borrowed money.

"Once in Guadalajara, he went back to his parish and looked up his friends. He found out that everyone was looking forward to a fundraiser for the Red Cross, a first annual for the parish to be held at the local Parque de Revolution. There were food booths that featured food from around the world, games of chance, and music. My Dad always liked to dress up so he

put on his suit and tie for the occasion. As he strolled around the circular park, he saw a beautiful girl with her friends. She could have been a model. with blue eyes, a fair complexion and an aura of mystery. He introduced himself to Teresa Ramos. Michael was smitten. Within one month of courting, he returned to Sunnyvale to work hard to make more money, as he knew

that she was the perfect woman for him. One year later, he was married in Guadalajara and they honeymooned in Hermosillo, Mexico, a fairly large city with many attractions.

"The newlyweds moved to Santa Clara to his new job at Pemline, the largest employer in Santa Clara in 1953 making kitchen cabinets. Business and life was fine for awhile until a relative of the owner took over the company and ran it into the ground. The company filed for bankruptcy and with a growing family (5 kids through the course of twelve years) Michael needed to find a new career again. He joined the Carpenters Union and took an accelerated course in carpentry through the Union becoming a certified carpenter. He also, concurrently took English classes at Fremont High School at night. He became a U.S. Citizen in 1966. Michael worked tirelessly with many local companies framing homes, building kitchen cabinets and other carpentry work helping build up the Sunnyvale and Santa Clara areas. My Dad retired as a union carpenter and started his own business customizing picture frames and selling his products throughout the San Francisco and San Jose markets. As a small business he was living the American dream until 2001, when the internet boom and the lack of trade protection made it easy for China to flood the market with picture frames at a fraction of the cost.

"My Mom and Dad devoted their lives to their children and church. They were founding members (1959) of St. Lawrence Church, Santa Clara. As a founding member he donated three percent of his income every month, served as an usher and did other special tasks as required. He created

frames for all the special occasions and was a key contributor to the construction of a new, larger church. My Mom served in the Ladies Guild and the Altar Society. We were all able to attend school there because of the hard work my Mom did in Libby's Cannery during the summer. We attended the local high school and colleges. My Dad was instrumental in encouraging all the kids to pursue an education and contribute back to their community.

"I think he succeeded with this encouragement: -- my sister Elvira is a bilingual education teacher, going on thirteen years. She gives everything to inspire and move these kids forward. My other sister Monica is a teacher, for special needs children. She tries to reach each child at their own level, devoting time and energy so that they can reach their full potential. My brothers Michael Jr. and Rafael both work for the Valley Transportation Authority as a supervisor/mechanic and parts supervisor. Working in the service sector, they both try to do their best to keep the buses running on time to service the many subscribers and handicapped. As for me, Gabriel, I've worked as a Buyer Planner in the high tech industry for twenty years. I now teach at a local high school as a tennis coach and have taught thousands of students, with 'Love, Pride, and Knowledge'.

"Michael still maintains his frame shop at home which he uses to make

frames for friends and family. His most creative frame was a double frame and triple mat, which he did for a friend's daughter. It took my Dad three weeks to complete it.

"My dad prides himself in keeping his home in primo shape. With his spare time he went back to school at West Valley College to learn about nutrition and fitness and takes tennis classes at Mission College. He is busy with five grandkids, taking the time to enjoy the next generation of Ibarra's.

"Michael, at 97 is a member of three bowling leagues His

philosophy for a long life is to live cleanly, watch what you eat ... lots of veggies and fruit, take time to relax and laugh, don't sweat the small stuff, make friends with everybody and get some exercise. Age is mind over matter. If you don't mind it doesn't matter. He also says, as long as I have my health, age is irrelevant."

Editor's note: Michael's story is an example of how an immigrant with nothing more than his determination and hard work was able to create a successful life for himself, his family and the generations that followed. The young city of Sunnyvale benefitted from the affordable homes he helped build to transform it from orchard farms to a high technology center. The local community benefitted from the money he spent and the custom products he sold. His faith and dedication to his church contributed to strengthening the social fabric of his city and its citizens. His children, the next generation of US citizens are all productive and compassionate contributors to their local communities. Their children will probably do the same. Michael's story is not a glamorized story of a billionaires ascent from rags to riches, but more so a mainstream, local and personal story of what hard work and determination can achieve in America. His is the real American story.

### MOVIE REVIEW A Beautiful Day in the Neighborhood. On

the surface this film may seem to be a Biopic of Fred Rogers, but it is much more than that. It is a celebration of his kindness, his goodness and his insightful humanity. Tom Hanks beautifully plays Mr. Rogers and does so with a studied eye and appreciation for what the man was trying to accomplish in children's TV and on an even bigger stage. The story is really about reporter Lloyd Vogel (Matthew Rhys) who is assigned to write a short piece about Mr. Rogers as a modern-day hero. Vogel is noted for his attack style of writing and initially thinks Rogers is a gimmick. But as time goes on, Mr. Rogers works his magic on Vogel whose soul is tortured. In quiet and reflection Mr. Rogers gives Vogel permission to face his demons and once again thrive. This is a powerful story about the power of forgiveness. The cast that does not miss a beat as all of the characters add to the experience. Rated PG for some strong thematic material, a brief fight, and some mild language. This is a must see and a Peggy's Pick.---*Jim Quillinan*

### GOLF RESULTS

### Mattson Shoots His Age and the Round of the Month

**Don Mattson** is the latest SIR to shoot his age or better. Don carded an 86 playing Blackhorse on Nov. 4. Pretty awesome for an 87-year old! His net 59 was 6.1 strokes under the course rating, so he also earned Round of the Month honors.

### Club Champs: McGrath wins Gross, Danver takes Net

**Rich McGrath** won this year's Low Gross Club Championship by 6 strokes over **Joe Cioni**. Rich and Joe were tied at 84 after the first round, but Rich pulled away with an 81 in the second round for a total of 165. **Chris Goodman** and **Jay Jonekait** trailed Rich and Joe with matching scores of 176.

Andy Danver led wire to wire in capturing the Low Net Club Championship. He shot 63-65 for a total of 128. Benjamin Gikis finished second with 130 (65-65) and Jay Jonekait was third with 134 (70-64).

### The Round of the Year Belongs to Dave Ogle

**Dave Ogle** had the most outstanding round of the year. On April 11 at Las Positas he shot a net 53, which was **13.4** strokes below the course rating of 66.4. Dave had a heck of a year, shooting a round that was 10.4 strokes under in June and one that was 9.2 under in March.

### Drama on the 18<sup>th</sup> at the Four-Ball Match Play Championship

Ron Nakamoto and Tim O'Meara (N/O team) teed it up against Joe Cioni and Phil Vanderwerf (C/V team) at San Jose Muni to determine who would hoist the 2019 Four-Ball Match Play trophy. To reach the finals the C/V team had to grind out a victory over 36 holes against Al Bush and Rich McGrath, while the N/O team needed to vanquish former champions Jay Jonekait and Ron Lau their semifinal match. C/V jumped out to an early lead on the first hole with Phil the only player to par. The lead was extended to 2 up on the par 3 fourth thanks to Cioni's par. The teams traded a couple of holes through the rest of the front nine and C/V were 2 up at the turn.

Vanderwerf made a nice two-putt par on 10 to get his team 3 up. Was the N/O team waving the white flag? No way! They didn't get to the finals by laying down. They came back with a vengeance on the eleventh as Nakamoto with his Scotty Cameron putter rolled in a curling 5 footer for a net birdie. He followed with a brilliant tee shot on the par 3 12th and made the 6 foot birdie putt. O'Meara then got into the act with a net birdie on the 13th to square the match with five holes to play.

Both teams squandered opportunities on the 14th so the match went to the difficult 15th hole, a long, dog-leg left par 4. Cioni pitched up and sunk a six foot putt for a par and put the pressure on Nakamoto to sink his four foot putt to tie. Ron missed, and the C/V team went one up with three to play. Was this the final turning point in the match? On the 16th, with no player on the green in regulation, Cioni chipped to within 2 feet. N/O graciously conceded the putt, and C/V were dormie.

But the N/O team again battled back. O'Meara hit a nice tee shot on the par 3 17th and made a net birdie to send the match to the final hole with C/V still up by a stroke.

The 18th hole is a long par 5 with an undulating green with severe slopes. Vanderwerf was the only player to reach in regulation. Cioni's chip left him with 7 feet to save par. Nakamoto hit a brilliant wedge shot and lay four within 5 feet of the pin. O'Meara chipped his fifth shot to within 2 feet, leaving him with a short put for net par.

That's when the golf Gods made their presence felt. Vanderwerf threeputted for a bogie. Cioni missed his sidehill par putt. If either Ron or Tim sank their short putt, they would tie the match. But Nakamoto missed his wicked downhiller and O'Meara's short curling putt did not find the cup. Cioni and Vanderwerf secured the victory by the narrowest of margins. Last month's Golf Column incorrectly reported the winner of the first semifinal match. **Tim O'Meara** and **Ron Nakamoto** were the winners, as shown below.
